Mr. Nelson!

This is Shaamilee from Mountainville! I have been wanting to reach out to you for a while now & found your email!

I just wanted to reach out & let you know what a large impact you have made in my life. I graduated from BYU in Microbiology & am currently working as a Microbiologist at Intermountain. You had a large influence in my choice of study, & I often read the note you put in my yearbook to help me stay motivated through the process. I even have a picture of the google maps analogy note saved in my phone for a good reminder as I continue to progress in my career goals.

Thank you for being an amazing teacher! You have made a lasting impact in my life, and I am forever grateful for all the support and encouragement you gave me in middle school.

I hope you are doing well, and I am sure you are continuing to make lasting impacts in so many other students lives!
